FEARS NEGRESS' VOTES

Pleasant, of Louisiana, Asks for Opposition to 19th Amendment

Baton Rouge, La., June 27.—Telegrams to governors of Southern States asking opposition to the proposed Federal woman suffrage amendment were sent late yesterday by Governor Ruffin G. Pleasant, governor of Louisiana, in which he said the proposed nineteenth amendment simply adds "sex" to the fifteenth amendment.

Governor Pleasant in his telegrams advocated woman suffrage, but said the proposed amendment would give the negro political equality. His telegram, in part, reads:

"The proposed nineteenth amendment to the Federal constitution simply adds the word 'sex' to the fifteenth amendment. Our Southern States have been unanimously opposed to the fifteenth amendment, and, if we now ratify the nineteenth amendment, we will be stopped from opposing the enactment of force bills by Congress in aid of negro political equality, which will lead eventually to a struggle on their part for social and other equalities."

"In my opinion, the Southern States should give the women the right to vote through the State constitution and then vote solidly against the ratification of the nineteenth amendment."

U. S. SOON TO QUIT SHIP BUILDING GAME

The government will go out of the shipbuilding business as soon as 125 more large freighters are built and many of the smaller ships built during the war are disposed of, Chairman Edward N. Hurley of the Shipping Board told the House Merchant Marine Committee yesterday.

Hurley also announced that the board is contemplating ten large dry docks for repairing ships, at a cost of $25,000,000.

AUTOS COLLIDE

J. S. Russell, Prince William County, Received Slight Injuries Last Night

John S. Russell, of Prince William county, Va., was cut about the face by broken glass from the windshield of an automobile in which he was a passenger, driven by Henry Carter, of Prince William County, when Carter's automobile and an automobile driven by F. W. Wehrman, this city, collided at King and Columbus streets. Russell's injuries were dressed at the Alexandria Hospital.

Both machines were considerably damaged. The collision was a head on affair and the crash attracted a large throng. Police Sergt. Scott soon arrived and the matter was satisfactorily adjusted between the owners of the cars.

CROWN PRINCE IN GERMANY.

Exile Flees From Holland—Germans Enraged at His Return

Berlin, June 27.—Like an electric spark the news flashed through Germany yesterday that Friedrich Wilhelm, the former Kaiser's eldest son and heir, has fled from his exile at Wieringen, Holland, and is now "somewhere in Germany."

But the news had a widely different effect upon the various classes of the population. Summing it up briefly, the overwhelming majority of the people are bitterly disappointed, and even partly enraged at the return of this arch-representative of swaggering junkerism.

In official quarters it is conceded that this sensational development is bound to complicate matters and this at a moment when the people already are torn and racked by the bitterest emotions.

The former crown prince's sanctuary in his own country will be precarious, and perhaps brief. The Spartacists, just preparing for a nation wide revolution, hail his arrival as the best imaginable propaganda for their cause. Nor does the bulk of the German people doubt for a moment that Friedrich Wilhelm has any aim and interest other than re-establishing the throne.

Had the former kaiser himself escaped and crossed back into Germany the event would not have had half the depressing effect, for few believe the former monarch still harbors any hope of regaining the crown, and sympathy with him—as a private citizen, and as such alone—is widespread. The former crown prince, however, never popular with the real masses, though worshiped by sporting lieutenants and adored by a host of "flappers," is a bugaboo even to the pan-Germans and the very personification of militarism to the Radicals and Socialists.

The first move on his part for the re-establishment of the monarchy would go far toward reuniting the Independent and majority Socialists.

GAME SUNDAY

Cardinals Will Cross Mats With Team From Adjutant General's Office

Manager R. E. McDonald and Assistant Manager R. O. Evans, of the Cardinals, have jointly signed a contract with Alva L. Blair, manager of the Adjutant General's Office baseball team, for a game to be played on the High School field Sunday afternoon at 3 o'clock.

The A. G. O. "Tigers" are ferocious and expect to return to their lair in Washington with a victory.

The Cardinals are also going at a fast pace, and with the recent addition of the young "speed boys" from the Virginia Greys, Sunday's game should be a good one.

Neat new uniforms—consisting of medium gray cloth with cord stripes for coats and pants, with large Old English "C" on left breast of shirt in maroon color, gray stockings with maroon stripes, black belt, and University style cap—have been ordered by R. E. Knight and Son and are expected to arrive in time to be worn in the game with the Navy team on the Fourth of July, which will be played on the High School field at 3 o'clock.

HAMBURG IS IN HANDS OF REDS

Rebels Sweep Through City, Slaying All Who Opposed Them

200 PERSONS KILLED

All Political Prisoners Liberated—Troops of Von Lettow Killed or Placed in Prison.

Berlin, June 27.—Hamburg late today passed completely into the hands of Spartacist troops.

More than 200 persons are reported to have been killed in street fighting. The rebels swept through the city, beating and slaying all who opposed them.

The town hall was seized early yesterday and all political prisoners were liberated. Troops of Gen. von Lettow detailed by the Bauer government to put down the revolt, were either killed or thrown into the cells vacated political prisoners.

The Hamburg senate has fled to Altona, a Prussian town, virtually a suburb of the big port city.

Hamburg is Germany's biggest commercial port, and the revolt is proving a costly blow to the newly established government. Orders have been given to crush out the revolt by force, but Gen. von Lettow is powerless to act because of defections from the ranks of his men. His soldiers are loath to fire upon their own countrymen, and in many instances have deserted to the ranks of the rebels.

Here in Berlin the situation is rapidly approaching a crisis. The streets are barricaded like fortresses and fighting became general today.

Last night the desultory fighting of the day developed into a number of real battles and many are reported killed and wounded. The government is attempting to cope with the situation without resorting to the use of machine guns, but late last night it was announced that further fighting would necessitate extreme measures.

The government is keeping a close censorship on all news concerning the fighting here and little information is obtainable.

News that the Crown Prince had escaped from Holland only increased the tensity of the situation.

Despite the internal revolt, the new government has issued the following proclamation:

"Peace is concluded. All efforts must be directed toward fulfillment of the treaty."

The government's position continues precarious, though the question of the new peace delegation is finally solved.

Dr. Hermann Mueller, the foreign minister, has yielded at last to the pressure from all sides, and will head the delegation to sign peace at Versailles. Dr. Johannes Bell, transition minister and in charge of winding up German colonial affairs, will accompany him. They will leave Berlin today.

Dr Mueller fought stubbornly against going, but the argument that he should never have accepted the foreign minister's portfolio if he were not willing to exercise its functions broke his resistance in the end.

AUTO PLUNGES INTO CREEK

Occupants Have Narrow Escape in Accident Near Winchester

Winchester, Va., June 27.—Two West Virginians, who refused to disclose their identity, narrowly escaped being dashed to death last night, when a runaway automobile, a new, high powered car, plunged off a bridge and into a creek on the Martinsburg pike, north of town.

The car, according to residents and other motorists, was making 45 or 50 miles an hour when a tire exploded. The machine skidded down a steep hill crashed into a telephone pole, righted itself and then broke down an iron railing on a bridge spanning a creek, where it upset. Residents who ran to the scene expected to find both men dead. One was slightly cut, whiler the other had escaped injury altogether The wreckage was placed on a truck and brought here.

TO SIGN TREATY TOMORROW

German Delegates Expected to Reach Versailles in Morning

Paris, June 27.—A decision to sign the peace treaty at 3 o'clock Saturday afternoon—provided the Germans arrive that morning, as promised—was reached by the allies yesterday, it was officially announced.

It was further learned, unofficially that Foreign Minister Mueller, Herr Giesberts and Herr Leinert had been appointed to sign the treaty.

They will arrive in Versailles Saturday morning, it was said.

President Wilson leaves Paris Saturday night, after the treaty is signed, sailing from Brest on Sunday.

In addition to the treaty, the German delegates will be required to sign two other documents—the protocol straightening out the discrepancies in the pact pointed out by Germany, and the convention establishing a civilian commission to administer the occupied districts along the Rhine.

The civilian commission may be able to take over much of the power now held by the allied armies of occupation—providing Germany evinces willingness to meet the terms—and thus lighten Germany's burden of maintaining these armies.

Gen. Pershing plans to start home the last of July, and practically all American soldiers were expected to be out of France by August.

Peace Conference circles are materially concerned over the report that ex-Crown Prince Friedich Wilhelm has escaped from his exile in Holland into Germany. The first report of his flight was received from army intelligence sources, and while official confirmation is still lacking it is generally accepted as true.

The allied and associated governments are expected to demand the ex-crown prince's surrender, in a strong note to Bauer government. This demand will be made as a matter of principle, regardless of whether the Hohenzollern heir is not to be tried eventually.

The news of the flight was not entirely unexpected, since the Germans Officers' Association, in their ultimatum to the Bauer government had threatened to take measures for the repariation of the ex-Kaiser for the former crown prince.

DESTRUCTION OF HUN SHIPS

Allies Will Demand Reparation for Vessels and French Flags Destroyed

Paris, June 27.—Germany has been notified in a note sent yesterday by the Allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for their loss. The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

When the investigations have been completed, the note states, the Allies will exact "the necessary reparation."

Reparation also will be asked for the burning of the French battle flags whch, under the treaty, Germany was to have returned to France.

Germany s warned that such acts as are noted "must have a very unfortunate effect upon the futre operaton of the treaty."

MAY DEMAND CROWN PRINCE

Exile Believed to be Hiding Somewhere in Holland

REQUEST OF ALLIES

Kaiser and Son Would Not Risk Surrender by Holland—Latter Country Would be Glad to Get Rid of Both.

Paris, June 27.—A rumor was in circulation here today that the crown prince has not actually fled from Holland but is still in hiding in some part of the country. It was said that possibly he conferred at the German frontiers with chiefs of the German military movement. A coup against the Bauer government is feared.

London, June 27.—Allied representatives in both Holland and Germany were today instructed to make immediate efforts to verify or disprove the report that the former German Crown Prince Frederick William who has fled from his island of refuge in Holland and returned to Germany.

It is understood this action was taken at the request of the allied chieftains in Paris, who are reported to be framing a demand for the immediate surender of the young militarist leader by the Germans if the report proves true. Thus far no official confirmation of the news from Paris has been received here, but Jankheer von Swinderen, the Dutch minister to London, who only returned from Holland yesterday, said today he credited the report.

"From what I heard in Holland a few days ago I am ready to believe the news is true," he said. "The geonral impression was that both the former Kaiser and Crown Prince preferred to return to Germany rather than risk surrender by Holland to the Allies. The Kaiser is no longer a figure in German politics. He is an old, broken man But the Crown Prince is still the enfant terrible of the Germany military and monarchist groups.

"It is a mistake to say that the Prince 'escaped' from Holland. There was nothing to prevent him from going, and Holland is only too glad to get rid of him His only difficulty was in getting across the German border. But if he went, his trip probably was rearranged, and favorable guards passed him. Holland would heave a sigh of relief if his father would go too."

RIVER CAPTAIN INDICTED

Pilot of Colonial Beach Mail Boat Charged With Running Liquor

Westmoreland County, Va., grand jurymen have indicted Capt. John Bruce, pilot of the mail boat which plies between Popes Creek and Colonial Beach, for transporting liquor into the State of Virginia.

Capt. Bruce was released from jail on $500 bail. The trial, called for the fourth Monday in August is expected to bring to the court a large crowd of rivermen and residents of Westmoreland County.

At the resort speculation is rife with respect to the liquor consignees, many of whom are alleged to be prominent residents of the summer colony.

Capt. Bruce was arrested at ? o'clock Tuesday morning when his boat docked at Colonial Beach. Police officials found fourteen cases of whisky in the act of being unloaded from the boat into a wagon. Henry Pendleton, colored, was also arrested, but was not indicted by the grand jury.

WHISKY CAR KILLS HORSES

Roadster Carrying 164 Quarts of Liquor Wrecked Near Danville

Harrisonburg, Va., June 27.—Whisky was the cause of another accident Wednesday morning when a car, driven by an unidentfied person, carrying 164 quarts of liquor, ran in to and killed two valuable horses belonging to David Harrison at a point on the Valley Pike between New Market and Tenth Legion. The car was damaged almost beyond repair.

By the time persns living nearby had reached the scene of the wreck, the occupants of the car had fled, but later in the morning a strange colored man was seen in the vicinity of Broadway, where he was looked upon with suspicion and was held pending the arrival of County Sheriff W. L. Dillard, who took him in charge.

He confessed to being an occupant of the car, giving his name as Geo Gennings, 111 Second street, Richmond, and stated that the car had come through from Baltimore Upon being questioned and after much deliberation, he gave his companion's name as William Parke (white), of Richmond.

TEAMSTERS' STRIKE BROKEN

New York Again Begins to Get Fresh Vegetables

New York, June 27.—The backbone of the market teamsters and chauffeurs' strike, which had deprived the city of fresh fruits and vegetables since last Monday, was effectively broken yesterday.

The seriousness of the situation was relieved early when the produce dealers lifted the embargo on incoming green goods and fruits which had been held at the railroad yards at Potomac, Md., and Edgemere, N. J., since the strike was called. The dealers expect to notify the shippers of the South and West to resume shipping immediately.

J. L. Lippman, speaking for the dealers, said some of the market porters had returned to work without any attempt toward settlement of their demands for shorter hours and increased wages. No disorder occurred during the day.

KILL S NEXT DOOR NEIGHBOR

Earl Fitch Receives Death Wound After Quarrel With Frank Willy Over Cellar

Galena, Ill., June 27.—Earl A. Fitch, cashier of the Merchants' National Bank, and Frank Willy, neighbors, shared a cellar to which entrance was gained by a trap door between the two houses. Fitch wanted the trap door shut so that his children would not fall into the cellar. Willy, it is alleged, was prone to leave the door open.

This situation led to a quarrel, which culminated when Willy shot and killed Fitch. Fitch crumbled into the arms of his wife with the first shot, and, it is alleged, Willy continued shooting, one of the bullets grazing Mrs. Fitch's arm as she supported her husband.

Willy is closely guarded by the police, who fear demonstrations similar to the one when an angry crowd surrounded Willy on the way to jail may occur.

THEN AND NOW

Monday, July 14, will be celebrated as "Bastile Day" in France. The occasion will be honored in the United States and other countries.

The destruction of the Bastile, that gloomy structure on the Seine, was one of the first acts of the French Revolution. At the instance of Madame Pompadour people who had incurred the displeasure of this notorious woman were incarcerated in this prison where they finally paid the debt of nature. Latude spent thirty-six years in the Bastile for having had the audacity to commit a thoughtless act which displeased Pompadour.

July 14 fell on Sunday last year. The day was commemorated throughout the United States, especially in churches, where sermons appropriate to the occasion were delivered.

In some houses of worship in Alexandria the tri-color flag flutters in front of the organs, from which the notes of the "Maseillaise" were wafted. At that time conditions were by no means favorable to the allies. The last German drive had not spent itself, and the liberty-loving world was apprehensive.

Conditions have materially changed since that long to be remembered Sunday morning, and this year, when bands discourse the "Marseillaise," they will send notes of joy throughout other countries as well as France.

Many persons erroneously suppose that the French national hymn was an outgrowth of the French Revolution and to its birth in Marseilles. It was conceived in Strassburg when France was menaced by Austria.

CLAIMS SELF-DEFENSE

Morris Asserts Magistrate Sullivan Seemed to Reach for Gun

Charlottesvile, Va., June 27.—Placed on the stand yesterday in his own behalf Edgar Morris consumed nearly three hours in presenting his explanations and justification for taking the life of Magistrate Sullivan at Standardsville last March, the gist of which was that when he went into the Greene county courthouse, where his misdemeanor case was being settled by his father and counsel, Sullivan dropped a law book he was examining, when he saw him there and seemed to reach for his gun. He got in six shots before Sullivan could act. Morris then explained he fired so quickly because the dead justice had made threats against him and he feared for his life.

Morris explained his escape by saying that he did not intend to go to prison. On cross-examinaton he seemed to develop a change of attitude as well as memory. The net result was that the whole thing rested on whether he could support the claim that the magistrate began to "draw," which has been denied by two justices.

Statements made at the afternoon session by witnesses introduced by the defense tended to establish the fact that Sullivan was firmly discharging his duty, and made no threats to the defendant.

HANGED BY MOB

Ellisville, Miss., June 27.—Trailed for ten days through three south Mississippi counties by posses which included seevral hundred members of his own race, John Hartfield, negro, confessed assailant of an Ellisville young woman, was captured desperately wounded near Collins, at daybreak yesterday morning, rushed by automobile to the scene of his crime, hanged to a gum tree and then burned to ashes. His victim witnessed the lynching

While negroes took no part in the actual lynching of Hartfield, posse leaders freely admitted they rendered valuable assistance during the chase, knowing when they enlisted that it was intended to lynch the fugitive when he was captured. Many of them witnessed the execution.

NAVY PLANS GREAT BASE FOR PACIFIC

The creation of the greatest naval base in the world, at San Francisco, is one of the prospective results of the visit next month of Secretary of the Navy Daniels to the Pacific Coast.

Navy officials state that the fact that the Pacific Coast is to be made as important to the navy establishment as the Atlantic Coast will make it necessary to provide a base of greater proportions than now exists on the Pacific.

Secretary Daniels said, however, that it is not proposed to dispense with the Mare Island Navy Yard when a place is selected for a new base, and that the yard will continue work of construction.

Failure of Congress to Pass Enforcement Measures Will Not Make Liquor Sales

Regardless of the fact that the enforcement legislation cannot possibly be passed before July 1, any dealer attempting to sell intoxicating liquors of any kind after midnight of June 30 will be liable to Federal prosecution.

This is the assurance of members of the House Judiciary Committee, backed up by the Department of Justice

While the purpose of the enforcement legislation is to provide additional means whereby wartime protion may be made effective, Chairman Volstead, of the House committee, and officials of the Department of Justice called attention yesterday to the fact that wartime prohibition itself, enacted to become effective the first of next month and to continue until the army had been demobilized, was passed by Congress last November and stands on the statute books with all the authority of any Federal statute.

Europeans marvel at American Corporations

All Europe realizes now that American business men, turned soldiers, simply applied methods of American business to war-winning. No wonder that now Foreign Nations marvel at American corporations — not only at their efficient big scale methods, but their economies.

Justly—for American business men scrutinize every penny. When they buy tires, they study values and compare prices. Corporations all over the country are concentrating on Diamonds — the people in this town who buy tires thoughtfully, calculatingly, are buying Diamonds.

For Diamonds are giving thousands of extra miles—at LESS THAN AVERAGE COST. Let us present some comparative figures to you.

NEW PIER FOR QUANTICO

Large Reception Tendered Rev. Wade Johnson and Bride—Other News From Quantico

The contract has been let for a new pier, which will be built on the site of the old wharf at Quantico. The pier will be about six hundred feet longer than the present wharf, and about 20 feet wider. This will greatly facilitate the handling of passengers and freight arriving and departing on the boats.

A concrete sea-wall is now under construction, which, when completed will be about a mile long, 20 fee high, and about five feet wide at the top. This sea-wall is being built just opposite the Marine Base hospital, and will run from there down the river towards Chappawamsic creek. —Manassas Democrat.

FORD WILL GIVE BACK WAR GAINS

Henry Ford is going to give his war profits back to Uncle Sam.

Ford yesterday telegrapher Secretary of the Treasury Glass a request for a skilled accountant to check over the Ford company's books and determine the amount he shall pay. Ford's share of the company's profits are 58 1-2 per cent, he said.

Secretary Glass instructed the Internal Revenue Bureau to comply with Ford's request. His company had contracts with the war and navy departments aggregating many millions among those on which profits are to be returned.

In taking this step Ford makes good a promise he made publicly at the outset of the war. He said at that time he would take no profits on war materials, and volunteered to let the government utilize to the fullst extent possible all the resources of his manufacturing plants.

The contracts which the War Department made with Ford and other Detroit Manufacturers have been recently criticized by Congressmen. It has been contended that unduly large profits were permitted.

ENRAGED BULL

Winchester Man Tries to Throw Animal, But Hands Slip off Horns

Winchester, Va., June 27.—Edward Conner, a local meat merchant, "took the bull by the horns" literally Wednesday afternoon when he suddenly found himself face to face with a half grown red bull in a large field. There were no nearby fences to scale, the distance between Conner and the bull was too short to permit of escape and the merchant found himself in a tight place. He had thrown many head of live stock by grabbing their horns, but the horns of this bull were so short, that he was unable to get a firm hold with the result that the bull got him down. The dealer was badly used up before several men, armed with fence rails and clubs, beat off the bull. Conner had gone to a farm to inspect some cattle, and the young bull wandered into the field through an open gate unobserved until within a few yards of the spot where the cattle were being inspected.

BOY SHOT WHILE AT PLAY

Woodstock, Va., June 27.—Irvin Wolverton, 7 year old son of Fred Wolverton, bookkeeper of the Shenandah National Bank of Woodstock, was accidently shot yesterday morning while playing with a shotgun. One of little Wolverton's playmates dropped the shotgun to the ground when it was discharged and five bullets penetrated his abdomen, one entered his leg and five passed through his arm. The child was rushed to the Winchester Memorial Hospital, where he was operated upon.

BAKER AGAIN UNDER FIRE

Mott Wants to Know About Camp Purchases

Washington, June 27.—Representative Mott, Republican, New York, introduced a resolution yesterday asking Secretary Baker to furnished the House with derailed information concerning purchases of land by the War Department since July 15, when the House passed the Army Appropriation bill, containing a provision prohibiting land purchases. In a statement Mr. Mott said he understood Major J. J. McConnell had paid out $5,000000 for purchases at Camps Lee, Taylor, Pike, Sherman and Travis.

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Ore., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad.

"I kept hearing so much about Argo Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all.

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by the wonderful medicine."

"The spirit of wanting to help others is what makes suffering men and women give these splendid public endorsements of Argo-Phosphate," said a local druggist. Dispensed by Richard Gibson and The Rexall Store.

DECISION CHEERS UP WETS

Believed New York Court Action Will Result in 2.75 Per Cent Beverage.

New York, June 27.—Whether 2.75 per cent beer can be sold in all parts of the country will be decided in New York in the near future, according to Emory R. Buckner, brewers' attorney.

The Federal Circuit Court of Appeals decision yesterday held that 2.75 per cent beer could be sold if not intoxicating, he said. While the decision held that the district attorney could not be enjoined from prosecuting 2.75 sellers, the decision recognized the brewers' right to restrain the revenue collector from refusing to issue licenses for its sale, Buckner pointed out.

The brewers will seek to make permanent the temporary injunction they now hold against the collector. All the brewers have to do, he said, was to prove in the permanent injunction hearing that 2.75 per cent is not intoxicating.

Safety Deposit Boxes Make Room For Whisky And Wine

New York, June 27.—"Have you a safety deposit box where I can store some whisky."

This is one of the many inquiries a New York safety deposit company received yesterday, now that impending prohibition is becoming more than a shadow cast before the event, Treasures of gold and jewels are nothing now as compared with the precious mellow fluid of the grape.

From all indications fishing parties are not so likely to be so popular after July 1.

The safety deposit vault company, however, has a serious legal problem to settle before strong boxes are rented out for the storage of whisky and wines. The company is frequently obliged to sell the contents of the vaults to recover the fee for rental. A sale of liquor is illegal. The only prospect for the directors of the company would be to consume the liquor as compensation.

CAVALRY PURSUES ROUTED VILLISTAS

Juarez, Mexico, June 27.—Federal cavalry are pursuing Villa's scattered bands in northwestern Chihuahua, a telegram from General Pedro Quiroga, at Villa Ahumada, stated.

The message was sent to General Gonzales by General Quiroga before he left his base at Villa Ahumada Wednesday.

GRAND THEATRE

"The Root of Evil" will be the attraction at the Grand Theatre for tonight. In the story two of three partners, who have sold the "Lost Hope" mine, become dominated by selfish interests after the unexpected discovery of a rich vein of "pay dirt."

Also a comedy will be shown.

INGOMAR—Douglas Fairbanks

The splendid production of "Arizona," made by Douglas Fairbanks for Artcraft, and which will be seen tonight at the Ingomar Theatre, respect a most notable picture production. It is a somewhat different Fairbanks story, but as a dashing cavalry lieutenant, Mr. Fairbanks does some startling riding feats and other athletic stunts which render his portrayal most enjoyable. Efficient support is given by Marjorie Daw, Kathleen Kirkham, Theodore Roberts, Frank Campeau, Kate Price, Raymond Hatton and others.

RICHMOND—"Other Men's Wives"

Dorothy Dalton's latest Paramount production, "Other Men's Wives," comes to the Richmond tonight. It's a gripping story of a quadrangle—with two corners that matched and two that didn't.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
